

## **Graphic Design and Computer Science Teacher (Full-Time)**

### **Summary:**

The Graphic Design and Computer Science Teacher is responsible for planning, developing, and implementing a rigorous and engaging curriculum in computer science and graphic design for students in grades 7-12. The ideal candidate will have a strong understanding of computer science and graphic design principles, as well as experience teaching these subjects to students. The Graphic Design and Computer Science Teacher will also be responsible for developing and maintaining a positive and supportive learning environment in the classroom while incorporating a biblical worldview.

### **Essential Duties and Responsibilities:**

- Plan, develop, and implement a rigorous and engaging curriculum in computer science and graphic design for students in grades 7-12.
- Create and deliver engaging and effective lessons that meet the needs of all learners. Assess student learning and provide feedback to students on their progress. Maintain a positive learning environment supportive of their academic and spiritual growth in the classroom.
- Collaborate with other teachers and staff to create a well-rounded educational experience for students.
- Participate in professional development activities to stay up-to-date on the latest trends in computer science and graphic design education.
- Other duties as assigned.

### **Qualifications:**

- Bachelor's degree in education or a related field.
- Master's degree preferred.
- 3-5 years of experience teaching computer science and/or graphic design to middle or high school students.
- Excellent communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Ability to work with students with diverse learning needs.

### **Physical Demands:**

- The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.
- The employee is frequently required to stand; walk; sit; use hands to handle, or feel objects, tools, or controls; and reach with hands and arms.

- The employee must occasionally lift and/or move up to 25 pounds.
- Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus.
